EDUCATION

Chandigarh University
Bachelors of design and VFX
2020 - 2023

Wentworth Institute of Higher Education
Masters of Information Technology
2023 - 2025

SKILLS

- Design: Adobe Creative Suite (Photoshop, Illustrator, InDesign, After Effects), Figma (Advanced).
- Web & Digital: Responsive Web Design, UI/UX Principles, HTML5/CSS3, Landing Page Optimization.
- Motion & Video: Video Editing, 2D Animation, VFX Fundamentals, Motion Graphics for Social Media.
- Conceptual: Brand Systems, Campaign Rollouts, Mood-boarding, and Design Rationale.

OBJECTIVE

Creative and technically-driven Digital Designer with a unique background spanning Animation & VFX and a Master's in IT. Expert in developing original, concept-led designs for digital-first environments, including responsive web layouts, social media campaigns, and high-conversion landing pages. Proven ability to translate complex technical briefs into engaging visual stories. Currently delivering end-to-end web solutions at Powercom, combining a "blank page" creative approach with rigorous technical execution.

Work Experience

Girl Power Talk - Junior web Designer(2020-2023)

- Creative Concepts: Developed original video content and social media campaigns from brief through to final execution, significantly increasing digital engagement.
- UI/UX Leadership: Designed user-centric interfaces for internal and client-facing digital platforms, focusing on accessibility and intuitive navigation.
- Campaign Rollouts: Managed multi-channel campaign assets, ensuring high-quality visual storytelling across digital-first environments.
- Collaboration: Worked in an agile, global team environment, upholding values of integrity and mutual respect while meeting strict project deadlines.

Technical Proficiency

- Design: Adobe Creative Suite (Photoshop, Illustrator, InDesign, After Effects), Figma (Advanced).
- Web & Digital: Responsive Web Design, UI/UX Principles, HTML5/CSS3, Landing Page Optimization.
- Motion & Video: Video Editing, 2D Animation, VFX Fundamentals, Motion Graphics for Social Media.
- Conceptual: Brand Systems, Campaign Rollouts, Mood-boarding, and Design Rationale.

PROJECT HIGHLIGHT

The Melodic Mind | Web Design & Development

- The Challenge: Build a digital presence from scratch that reflects a unique brand identity without relying on templates.
- The Process: Mapped user journeys in **Figma**, created custom visual assets, and executed a responsive design optimized for all devices.
- **LINK** - Website

Mobile App Portfolio (Figma)

- The Challenge: Designing for mobile-first environments with a focus on UX/UI best practices.
- The Process: Developed high-fidelity interactive prototypes in Figma, including custom iconography and component libraries to ensure a scalable design system.
- Figma source files and interactive prototypes available for review.
- **LINK** - Mobile App

Powercom Interactive Media Pty Ltd - Junior Web Designer/Developer (2025 - present**)**

- Powercom | Sydney, Australia
- Web Developer & Designer | June 2025 – Present
- End-to-End Design & Dev: Conceptualized and launched high-performance websites (e.g., The Melodic Mind), taking projects from initial Figma wireframes to fully functional, responsive digital environments.
- Digital-First Creative: Developed original visual identities and digital assets for B2B and B2C clients, ensuring brand consistency across web, social, and email touchpoints.
- Optimization: Focused on how design impacts conversion, implementing UI improvements that enhanced user engagement and site speed.
- Collaboration: Work closely with stakeholders to translate business goals into creative solutions, providing clear design rationale for every decision.

CULTURE & VALUES FIT

- Agile & Solution Focused: I view technical constraints as creative opportunities and thrive in fast-paced environments.
- Community-minded: My tenure at Girl Power Talk instilled a "helping hand" mindset.
- Integrity: Dedicated to original work, avoiding templates to ensure DAS and its partners receive unique, high-quality creative assets.
